

Let us inspect and evaluate your home for *FREE!*

Many homeowners don't know they have damage. With no obligation...we will put your home through our all extensive inspection to evaluate it for signs of sufficient storm damage. Our HAAG certified managers have an extremely high approval rate among all of the insurance company adjusters. Let BACC get your home approved by your insurance, next we will restore your home by replacing it with a new warranted exterior. With no "out-of-pocket" expenses, except for your deductible, you can be assured you are making the right decision with BACC Restoration. Call our satisfied customers, and ask them for yourself.

FREQUENTLY ASKED QUESTIONS:

Q: Will my insurance rates go up?

A: Storm or weather damages are considered an Act of God. **Your carrier cannot raise your rates as a result of your storm related claim.** Premiums are adjusted annually based on the averages of all claims in an area, state, or nationwide.

Q: How can I afford to replace my siding or roof?

A: Upon a free home inspection of your property, we'll determine if your home has sufficient storm damage to qualify for repairs by your insurance.

BACC's work is based off of insurance approval, if we are not able to get you approved, the homeowner is not responsible for any out of pocket expense.

Q: What if I don't have the time to meet with my insurance or handle such an involved claim process?

A: After your free evaluation, BACC can handle every detail from start of free eval to completion of your new and improved home's exterior. From meeting with the adjuster and obtaining approval, checking measurements, working to ensure coverage of all sides to paying for and applying for permits and managing claim paperwork with the insurance. We are a full service restoration company.

About BACC Restoration:

- ★ We are licensed, bonded, and insured.
- ★ We are a "Local Contractor" with 23 years of experience.
- ★ Comes with a 5 year labor warranty.
- ★ All work will be done with your insurance companies approval and proceeds.

Our specialists are HAAG certified in the forensic study of properly identifying hail and storm related damage.

We use only quality "brand name" products.
